

Looking for a culture fuelled by a passion for design...

Intermediate & Senior Interior Designers

Recognized by ARIDO for outstanding work in the corporate sector, Kasian offers an opportunity to work on world class projects within a dynamic design culture.

We have opportunities in our **Edmonton** office to lead projects and tackle the challenges of time and budget while seeking the highest standards of design and technical excellence.

The Senior Interior Designer will enhance our team by bringing 8+ years of interior design expertise that crosses project types and a flair for design. The incumbent should have a Degree or Diploma in Interior Design, a strong technical Auto CAD ability and a creative approach that responds to the needs of our clients and provides exciting and empowering challenges for our interior design teams. Your strong understanding of project requirements and how to effectively execute them will be 'key' as you design, research, produce working drawings, space plan, budget and schedule for your project.

The Intermediate Interior Designer will bring 5+ years of experience, a strong technical knowledge of Auto CAD and a flair for design that crosses project types. The incumbent should have a creative approach that responds to the needs of our clients and provides exciting and empowering challenges for our interior design teams. In addition, the ideal candidate will provide design service and manage small to medium sized projects while mentoring junior team members. A strong understanding of project requirements and how to effectively execute them will be 'key' as you research, produce working drawings, space plan, budget and schedule for your project.
